EXPERIENCE

PALMIND TECHNOLOGY | MERN INTERN

August 2023 – December 2023 | Banasthali, NP

- Contributed to implement the google analytics dashboard for data analytics and many other google apis
- Consulted with other teams to display the active users in the Chatbot
- Gained proficiency in real-time communication using Socket.io and enhanced performance with Redis caching

PROJECTS

JOB FINDER PORTAL

- Delivering a user-centric job search experience, connecting job seekers with opportunities across diverse industries and locations.
- Intuitive design facilitating easy navigation, streamlined search functions, and seamless application processes for enhanced user satisfaction.
- Providing employers with robust tools for efficient job posting, applicant tracking, and data-driven decision-making to streamline their hiring processes.

CHAT APP

- Chat App provides real-time communication while utilizing a Node Js backend and React Js frontend.
- Ability to create and participate in group chats, allowing users to communicate with multiple contacts simultaneously.
- Robust search feature enhancing efficiency and ease of use.

DESK BOOKING SYSTEM

- Automatic email notifications confirming booking details and reminders before the scheduled time.
- Instantaneous updates on desk availability, allowing users to make informed booking decisions.
- Visual representation of available desks on interactive floor plans, enabling users to select their preferred location.

COVID TRACKER

- Continuous monitoring and updating of COVID-19 data in real-time, providing users with the latest information including global and regional data.
- Clear and informative data visualization tools, such as graphs and charts, to present COVID-19 statistics in an easily understandable format.

EXPENSE TRACKER

- Customizable categories for organizing expenses, allowing users to categorize transactions based on their nature.
- Visual representation of expense data through graphs and charts providing users with insights into their spending patterns and habits.
